

Weimaraner Club of America

Field Register of Merit

Preamble: The FROM is designed to recognize Weimaraners who consistently produce competitive field offspring. This is a field oriented system with limited credit being given for show championships. Credit for show champions is included to promote the accomplishments of those individuals striving to meet the breed standard and produce dual champion Weimaraners.

Submission of Data:

All data will be stored on electronic media. The FROM includes AKC field trial placements and titles, WCA field futurities and National Championships, AKC hunt test titles and WCA ratings. All titles and placements will come from official AKC or WCA records. Parentage will be verified through AKC or WCA records.

Official compilations will be made monthly. Upon completion of the FROM title the sire/dam's name will be listed in the WCA magazine and a FROM pin will be sent to the first listed owner. Duplicate pins may be purchased from the FROM chairman for a price set by the WCA board. A list of FROM titled sire and dams will appear annually in *The Weimaraner Magazine*. Current FROM data will be listed on the WCA web site.
